Graphic Design

Mr. Podmers, Room Fab Lab

ASSIGNMENT: Book Cover Design

Using Photoshop, create a book cover that includes at least 5 different logos combined into one unique design. **You need to use AT LEAST the following tools/features we've learned: clone stamp tool, gradient tool, stroke fx, drop shadow fx, and one other filter from the "filter gallery" to make it look professional. You also HAVE TO use at least ONE of the following cutting tools to cut out pictures neatly: quick selection, magic wand, and quick mask tools.** Use multiple layers and opacity to create depth. Listed below are the criteria for the project. You will have three class periods to complete it. Your design must include:

300 resolution:	____/3
Clone Stamp used:	____/3
Use of cut out tools:	____/3
Gradient tool:	____/3
Stroke fx:	____/3
Drop shadow fx:	____/3
Filter of your choice from Filter Gallery:	____/3
Quality of product:	
Is the project seamless and clean?	____/3
Is it laid out/ look professional ("real")?	____/3
Turned in on time via Collab/Classroom as a .psd file	____/3
Write Up – Explain the process of what tools you used while working on project	____/10
***NOTE:Use of class time Did you use all of the time necessary to complete it? (4 points per day) graded separately	
Total	____/40
