ASSIGNMENT #1: Collage

Using the program Photoshop Elements, make a collage that supports your informative speech. Use the different tools to make it look seamless and clean. Spend time cutting out pictures neatly with the lasso, magic wand, and quick selection tools. Use multiple layers, shadows, stroke, and opacity to create depth. Use the smudge and blur tools to soften edges of pictures to make them blend more. Listed below are the criteria for the project. You will have one week to complete it. Your collage must include:
