

## MULTIMEDIA: GIMP Test

### GIMP Interface and Tools (you will need to open GIMP)

1. **Open** a new file..... **1pt**
2. Make a “canvas” that is 6 inches x 6 inches **1pt**
3. Make the resolution 300 **1pt**
4. Google “Mn Wild jpg” and get a MEDIUM or LARGE resolution picture (bigger than 500px x 500px) of the Minnesota Wild Logo with a WHITE background. OPEN it (click on it) and **copy** it. **Paste as new layer** it onto the 6 x 6 canvas you made in #2. **4pts**
5. **Scale** it down to about ¼ of the page and move it to the upper left corner of the canvas. **2pts**
6. **Hide** the background layer or delete it (click the eye). **1pt**
7. Using the “**fuzzy selection tool**” at around 20-30 Tolerance, select the background of the Wild Logo and delete it. **2pts**
8. Deselect (“**select none**”) the “marching ants” around the Wild Logo **1pt**
9. **Duplicate** the Wild layer and move that Wild Logo to the upper right corner of the canvas. **2pts**
10. Change the **opacity** of that layer (the 2<sup>nd</sup> Wild Logo) to 50%. **2pts**
11. Using the “**click-shift-click**” method, erase the bottom half of the Wild Logo on the left. This method will give you a perfectly straight line across. **2pts**
12. Using the **text tool**, type your FIRST and LAST NAME in the bottom half of the canvas using **Calibri Bold** font and make the size of the font 80 POINTS, not pixels. Then CENTER your name. **4pts**
13. Select the letters and add a **GREEN “stroke”** to your name. **2pts**
14. Now select the inside of ALL of the letters and using the gradient tool, make the insides a **gradient** (from one color of your choice, to another color of your choice. **2pts**
15. Save it as an XCF and JPG or PDF and upload to Google Classroom. **3pts**
